1. Introduction

Below is a **User Manual** tailored for your Django-based **Mentorship Competence Assignment App**, including login, visit creation, competence assignment, and navigation instructions.

This web application supports clinical or academic mentorship by allowing mentors to:

- Schedule visit periods
 - Assign competencies to mentees
 - Track completion status of assigned competencies
-

2. User Roles

Role	Permissions
Admin	Full access to visits, users, and assignments

Role	Permissions
Mentor	Can create visits and assign competencies
Mentee	Views and responds to assigned competencies (feature optional)

3. Logging In

1. Open your browser and go to the application login page (e. g.
`http://yourdomain.com/login/`)
 2. Enter your **username** and **password**
 3. Click **Login**
 4. You will be redirected to the **Dashboard**
-

4. Dashboard Overview

The dashboard contains shortcuts to major features:

- **Add New Visit**
- **View Scheduled Visits**
- **Assign Competences**
- **Return to Home**

You can always click **Back to Dashboard** on any page.

5. Creating a Mentorship Visit

1. From the **Dashboard**, click **Add New Visit**
 2. Fill in the form:
 - **Site** - the location of the mentorship
 - **Mentor** - automatically selected or selectable
 - **Start Date** and **End Date**
 3. Click **Create Visit**
 4. You' ll be redirected to the visit list
-

6. Viewing and Managing Visits

1. Go to **Visit Schedule** from the dashboard or sidebar
 2. Each row shows:
 - Mentor name
 - Site
 - Visit duration
 - View button to see visit days and assigned competencies
 3. Click **View Details** to manage that visit
-

7. Assigning Competences to Mentees

1. Navigate to a **Visit Day** page
 2. Click **Assign Competence**
 3. In the form:
 - Select **Mentee**
 - Select **Disease**
 - Select **Competence** under the disease
 - Add **Remarks** (optional)
 4. Click **Assign**
 5. Existing assignments will appear below the form
- ✓ **Tip:** Only mentees associated with the site should appear.
Competences can be filtered dynamically based on selected disease.
-

8. Tracking Assignments

- All current assignments appear in a list:
 - **Mentee Name**
 - **Competence**
 - **Status:** Completed or Pending
- Status badges use colors for quick visual cues:
 - ✓ Green = Completed

- Gray = Pending
-

9. Navigation Buttons

- **Back to Visit Day** — return to visit day details
 - **Dashboard** — return to main panel
 - **✕ Cancel** — abort form actions
 - **+ Add New Visit** — create new mentorship session
-

10. Logging Out

1. Click your user icon or the menu (top-right)
 2. Select **Logout**
 3. You' ll be redirected to the login screen
-
